

Burley Club Membership 2024

Introduction

In the latter part of 2023, the Burley club/ Wathen Bartlett got into financial difficulties and by October, the members agreed a committee proposal to temporarily cease trading.

However, there was a clear community desire to keep the club going and, following much discussion we reopened early December with a new ethos and operating model based on support of and to the village community. Costs have been significantly reduced through use of a single bar room and volunteer staff; so far this has been a great success and has put us on the right track to start paying back our debts and stabilise the financial situation.

With the start of a new year club memberships become due and this note builds on the figures suggested at the EGM in December 2023.

The new membership

The 2024 membership fee will be £60 Per year, we are also offering a Family membership at £90 which allows two or more members of the same household to get the full member benefits. This is a large increase on the 2023 subscription, however it provides funding the club desperately needs whilst members will enjoy favourable bar prices (non-member prices will be approximately 20% higher - whilst still being the cheapest in the area).

Payment can be made either in a single lump sum or split into monthly payments (£5 per month single member or £7.50 family). The fees can be paid at the bar, by direct debit, standing order or through an on-line subscription link which will be introduced to the website (www.wathenbartlett.co.uk) and Facebook page.

Subscription sign up for 2024 will be open until the 28th of February this will give adequate time for everybody to find a way to pay their membership. After this point memberships will still be available, but the costs will be adjusted depending on the time of year of joining - however signing up for a full 12 months by the end of February will provide the best value for money.

As part of the membership sign-up process, we shall be requesting personal information including email addresses, addresses and telephone numbers. This information will be available only to officials of the club and is collected purely for the purpose of keeping members informed of club events and notices.

Terms and Conditions

The current Terms and Conditions for members were last amended in 2002 and are in need of review and updating. This process, which will clarify responsibilities and liabilities and offer improved financial protection to members, will take place in the

early part of 2024 with members being given the opportunity to approve any proposed changes.

Burley Club Membership 2024
